EGYPT - DEF (DAEDALUS, ELPHINSTONE, FURY SHOALS) LIVEBOARD

ITINERARY

Day 1 Saturday

Our friendly staff welcomes you at the airport. Bus transfer from the airport to the marina. You will, then, be attributed a cabin and discover the boat.

Day 2 Sunday

After breakfast, your guide will tell you everything you need to know about your programme of the week, safety recommendations and, more generally, your life on the boat. Your diving certifications, logbook and insurance will be checked before leaving the marina. The boat will then sail to the first dive site, 30 minutes away from the marina.

Your guide will give you a detailed briefing about your first dive.

The second dive will be done in the afternoon.

After dinner, the boat will head towards Daedalus for a seven hour long trip.

Day 3 Monday

At the break of dawn, you will start your day of diving on the drop-offs of Daedalus. You will do three dives there (at least ten different dives can be organised on this huge reef). You will do two dives on the northern part of the reef to maybe have the opportunity to encounter the hammerhead sharks in the blue. In the afternoon, you will dive on the western side. The light will be perfect at that time of the day and you will be amazed by the coral diversity of this part of the reef.

Between the dives you will have the opportunity to visit the lighthouse with the authorisation of the keepers

Day 4 Tuesday

Three more dives will be organised at Daedalus. After dinner, the boat will head south-west to reach the Fury Shoals area at the break of dawn.

📍 Day 5 **Wednesday**

The Fury Shoals area is home to many dive sites where you will find stunning coral gardens and drop-offs. Sataya (Dolphin House) is one of those reefs. It is the longest reef in the Egyptian Red Sea. (2 km) A pod of spinner dolphins lives there, and you will have the opportunity to live a childhood dream : go snorkelling with the dolphins between two dives. A behavioral briefing will be delivered to you to guarantee a respectful encounter with the animals.

📍 Day 6 **Thursday**

You will start the day with two dives in the area before heading north for about six hours after lunch to reach a reef called Sheleneyat. Upon request a dusk or night dive can be organised.

📍 Day 7 **Friday**

After a 5 hour sailing during the night, you will reach the mythical Elphinstone reef, in the Marsa Alam area. You will do two dives at Elphinstone. After the last dive, you will have the possibility to rinse all your diving gear on the diving deck at the rear of the boat before sailing for 2 hours to Port Ghalib.

The estimated time of arrival is 2:00 PM. Your guide will tell you all about the leisure activities you can book in the Marsa Alam area to spend an entertaining Friday afternoon.

📍 Day 8 **Saturday**

Departure from the boat will be after breakfast or according to your flight and transfer schedules to the airport or hotel.

Important notice

This program may be subject to changes according to the conditions.

PRACTICAL INFO

Transportation

Airport Welcoming

Customers will be welcomed by a Dune correspondent using a Dune sign to be recognized. It is usually outside the arrival hall, after luggage collect and custom clearance. You have the possibility of getting an airport assistance with visa issuance for an extra fee.

Transfers

For the liveboards with departures and arrivals at Marsa Alam and/or Hurghada airport, customers will be transferred by bus to reach the marinas where they will board Dune boat or chartered boats by Dune.

For the long journeys starting from Hurghada airport (Ras Galep 200 km – Marsa Alam 250km, Hamata 450km), customers might have to wait other participants in order to gather several transfers. Water and snack will be provided in that case.

Indicative lengths for transfers between airports and departures ports :

Hurghada airport/ Safaga marina: 45 minutes (North, Brothers) Hurghada airport /Ras Galep Marina : 3h (Brothers, Deadalus, Zabargad, St John's).

Hurghada airport /Marsa Alam Marina : 4h (St John's, Fury Shoal, Sud and Dolphins)

Marsa Alam airport/Ras Galep Marina : 15 minutes

Marsa Alam airport /Marsa Alam Marina: 1h

Day Use :

The Booking of a « day use » in a hotel (use of hotel facilities, beach and swimming pool, bath towel....) is highly recommended in the following cases :

- 1 - Arrival in the morning the first day (check-in on board from 14H)
- 2- Late return flight the last day (check-out of the boat at 10am)
- 3- If one of this situation happens, the customer will have to pay an additional transfer

Booking of a day use is an extra fee for the customer.

Budget & exchange

Local currency is the Egyptian Pound (EGP).

You can pay by credit card and/or in euros.

Cashmachine are available in the airport and in all the cities next to the Red Sea.

Be careful with the bank charges.

Vital equipment

Advices and laws about recreational diving in Egypt

Egyptian's legislation

Limits recreational diving to a depth of 40 meters (without decompression stop)

Tech Diving with Confirmed nitrox is limited to 55meters depth

Tech diving with normoxic trimix is limited to 70 meters depth

Tech diving with hypoxic trimix is limited to 110 meters depth

Diver's obligations

- Medical certificate allowing the practice of scuba diving (mandatory document must be less than a year old)

However, we strongly recommend a medical certificate issued by a federal doctor or a sports doctor, especially for people over 70, people suffering from a chronic pathology or needing to be assessed or assessed, or in case of a previous diving accident. The medical certificate must specify: the number of dives per day, the maximum depth and duration authorized.

If this medical certificate is not issued, a medical history questionnaire will have to be completed on site by the diver. DUNE Red Sea reserves the right to limit the number of dives, duration and depth of the diver (without any compensation being claimed)

Any medical treatment must imperatively be notified to DUNE Red Sea when making the reservation request.

- Dive cards, and diving logbook justifying the level and number of dives
- Logbook in case of training carried out during the cruise.
- Dive computer, SMB, and a surface way of signalization (lights and/or sound device)
- Valid dive insurance (if not insurance can be purchased on board, insurance is mandatory)
- Passport copy to be given on board

Dune's diving instructors are responsible on board the boats. They might have to forbid some dives in case a customer do not gather the level and/or technical skills to be able to do it. This decision can be made for the safety of the customer but also for other divers.

Required Dive level

- The Marine parks liveaboards (Brothers, Daedalus, Zabargad...)

A minimum of 50 dives with a CMAS 2** or AOWD is mandatory

A CMAS 1* with 50 dives logged can go on a Marine park itinerary if he is willing to train as an AOWD in the beginning of his week on board .

- North and South Liveaboards (St John's, Abu Fendira, North...).

A minimum of 20/30 dives with CMAS 1* or OWD is mandatory. He will have to be supervised by certified CDWS dive guide (the diver will have to pay an extra fee for underwater supervision)

- All courses that would need vertical technical exercises are forbidden (except on Safaga itinerary or Dolphin Trip)
- CMAS 1* or OWD trainings are prohibited (except on the Safaga or Dolphin Trip)
- All training is provided by a DUNE instructor certified CDWS (Chamber of Diving Water Sports) in accordance with local Egyptian regulations.

Material

We rent diving gear (BCD, regulator etc.). If you wish to rent equipment, please let us know in advance in order to provide for it on board. Hence, we highly recommend that you take your own equipment (except tanks and weights).

To ensure the best possible unfolding of your diving liveboard safari in Egypt :

1. Fins and mask
2. BCD / Stabilizing jacket
3. Regulator with octopus
4. Air gauge
5. Dive computer
6. Surface marker / Deco buoy
7. Visible or audible means of signaling (mirror, whistle...)

The water temperature in Egypt is about 26°C

Nevertheless, we recommend the use of a one-piece or shorty 3-5mm wetsuit.

Weights are at the divers' disposal during their stay.

Diving gloves and knives are forbidden in the Red Sea A hook is not necessary.

12L tanks are made of aluminum with a single DIN valve.

Adaptors are available on board for yoke regulators.

15L tanks are made of steel with a single or double DIN valve.

Helpful equipment

Gear, in case:

- Mask strap
- Fins strap
- Other battery for your computer
- Thin rope

Medicine

No vaccination certificate is compulsory to this day, but a vaccine to protect against polio and tetanus are recommended.

Take your usual medication plus aspirin and paracetamol, an anti-diarrhoea (Diarsed, Imodium), and an intestinal anti-septic (Ercéfuryl), an anti-emetic (Vogalene Lyoc), an anti-inflammatory ointment, adhesive plasters, a treatment for sea-sickness (Mercalm).

Passport

You must have a passport (valid for at least 6 months after your return date) or a national identity card. In case of loss or theft you should make a copy of your passport, plane ticket, credit card and diver certificate.

Do not keep the duplicates with the master copies

WARNING : UPON YOUR ARRIVAL ON BOARD, YOUR GUIDE WILL ASK YOU TO SUBMIT A COPY OF THE PASSPORT OR NATIONAL IDENTITY CARD YOU USED FOR YOUR BOOKING.

Your diving documents and diving medical certificate that is less than 12 months old will be checked on your first day on the boat

Visa

To enter Egypt, you must have a visa (valid for one month). You can obtain it from the Egyptian Consulate or upon your arrival in Egypt at the desk provided for that purpose. It costs \$25.

DUNE provides a lost luggage assistance, flights confirmation and VISA for 31€.

Weather

Egypt has a hot and dry climate with temperatures ranging between 17 to 25 degrees in winter and 30 to 40 degrees in summer.

Water temperature varies between 21 to 23 degrees in winter and 26 to 30 degrees in summer.

Best time of the year to go to Egypt is from March to November.

Since it may be a little chilly at night in spring and autumn, it is advised to take a sweater and a beanie to protect your ears from the wind.

Topography

Egypt has two parts :

Lower Egypt (in the north) corresponds to the least elevated part of the country.

Upper Egypt (in the south) corresponds to the most elevated part of the country.

A river, the Nile, flows through the country and Egypt's agriculture benefits from its fertile banks.

It is also bordered by two seas :

- The Mediterranean Sea in the north
- The red Sea in the south.

Thanks to the diversity of the underwater flora and fauna, you will leave Egypt with unforgettable memories.
